50 YEARS OF ENERGY PARTNERSHIP: SHAPING THE
NEXT ERA FOR ADVANCING GROWTH

GENERAL PROSPECTUS

Chairperson Quote

“

We celebrate a golden moment in the history of energy partnership as we welcome you to the 50th IPA Convention and Exhibition 2026 (“IPA Convex 2026”). The IPA Convex has evolved into one of the most significant platforms in the region's oil and gas sector, fostering innovation and partnership, exchanging insights, resolving challenges, and exploring opportunities that continue to influence the future of energy.

In the momentum of this golden milestone, we invite industry leaders, innovators, and energy players across sectors to participate in IPA Convex 2026 as exhibitors or sponsors. This milestone provides unparalleled visibility, direct access to policymakers and decision-makers, and a strong platform to strengthen your brand positioning in the region's energy landscape.

Hariadi Budiman

Golden Milestone of Region's Leading Energy Platform

The Indonesian Petroleum Association Convention and Exhibition (IPA Convex) will be held on 20–22 May 2026 at the Indonesia Convention Exhibition (ICE), BSD City, marking its 50th edition as significant golden year milestone in the legacy of Region's foremost gathering platform for dialogue, innovation, and collaboration across the oil, gas, and broader energy sector.

Building on the success of its 2025 edition, IPA Convex continues to play a pivotal role in bringing together professionals, policymakers, investors, academia, and students to address key issues and explore forward-looking solutions shaping the region's dynamic energy landscape. The event features high-level discussions, technical sessions, exhibitions, and networking opportunities. All designed to foster growth while advancing sustainability at the heart of energy development.

Shaping The Region's Energy Dialogue

The IPA Convex Conference sets the agenda for Region's energy industry, uniting decision-makers and innovators in sessions that inspire collaboration, accelerate progress, and define the future of energy from high-level policy discussions and market outlooks to technical showcases, breakthrough innovations, and solution-driven dialogues.
