IPA24-G-43	Raini Adinda Siswikirana	Pertamina Hulu Mahakam	Multiwell Dual-Log Crossplot (MDC) as an Innovative Fluid Interpretation Technique by Properly Utilizing Surrounding Well Data	G
IPA24-G-70	Budi Abdul Muiz	Mont D'Or Salawati Ltd.	Maturing Prospects and Leads in the Carbonate Pinnacle Reef of The Kais Formation in West Salawati	G
IPA24-G-168	Jefta Nicki Tampi	Pertamina Hulu Mahakam	Unveiling Hidden Treasures: A Pragmatic Approach to Assessing Unmapped Oil Potential in the South Mahakam Cluster, Lower Kutai Basin, Indonesia	G
IPA24-G-169	Vivian Bonny Indranadi	Medco E&P	Paleozoic and Mesozoic Outcrops in Krabi Area: New Insights for the Pre-Tertiary Petroleum System in The Western Basins, Gulf of Thailand	G
IPA24-G-191	Edwin Brilliant	Pertamina Hulu Rokan	Revealing Potential: Leveraging Downdip Structures and Stratigraphic Trap Infill Play for Enhanced Production in B Field	G
IPA24-G-193	Freddy Calvin Bryan	Universitas Indonesia	Machine Learning Prediction for Fluid Identification in the Kujung Formation East Java	G
IPA24-G-222	Ilham Diaz Rahmat Nugroho	Pertamina Hulu Rokan	The New Potential of Fractured Basement Reservoir Identification with Integrated Seismic Attributes Analysis and Structural Modeling in Ogan Komering (OK) Block, Bandar Agung Sub Basin	G
IPA24-G-244	Yudha Risnandar Sinulingga	SKK Migas	Lesson learned from exploration of naturally fractured basement reservoir, a case study in Indonesia	G
IPA24-G-300	LaOde Ahdyar	Independent	Multi-scale Pore Systems: New Look of Tertiary Carbonate in Indonesia and Its Effect on Hydrocarbon Reserves	G
IPA24-G-304	Brianto Adhie Setya Wardhana	BPMA (Badan Pengelola Migas Aceh)	Exploring Baong Formation with New Perspective and Its Implication for Exploration Strategy in North Sumatra Basin	G
IPA24-G-383	Reynaldi Mikhael Chrislianto	Baker Hughes	Predrill & Postdrill Geomechanical Modelling Helped in a Successful Drilling of Multiple Depleted Reservoir Zone - A Case Study from Pelikan Field, Offshore Natuna Sea, Indonesia	G
IPA24-G-385	Bukit Andika/Dwi Kurniawan S	Pertamina Hulu Indonesia	Better Understanding the Mud Losses Hazard Characteristics and Its Distribution for an Improved Well Placement Strategy for Louise Shallow Well Drilling Campaign	G
IPA24-G-426	Sunawar Kunaifi	Halliburton	A Porosity Based Pore Pressure Estimation in an Indonesian Carbonate Reservoir	G
IPA24-G-428	Samini pandianmurthy	Halliburton	Application of Multiple Formation Properties Measurement from a Single Pulsed Neutron Logging Tool, to Resolve Reservoir Gas Saturations from a Challenging Well Condition: A Success Story from Shallow Prospect at Block B North Sumatra Basin	G
E-F				
IPA24-E-8	Sang Made Kresna Andika	Tately NV	Application of Hydraulic Jack on a Crane-Based Well Service System for a Packer Retrieval Operation	E
IPA24-E-45	Teguh Rachman Hidayat	Pertamina Hulu Indonesia	Solution To Eliminate Non-Productive Time and Increase Efficiency Energy Using Innovation Tools Antifishing (Patent No. IDS00004717) in Swab Job Activity	E
IPA24-E-60	Abdullah AL Qassabi	Medco E&P	Successful Approach for Sandstone Matrix Acidizing Stimulate Mature Well	E
IPA24-E-91	Alfigo Tryozi Safrio Zulvan	PHE Offshore Southeast Sumatra	Application Of Machine Learning To Predict Cementation Factor Along Well Intervals And Its Implications For Sandy Problems, Study Case: Wanda Kompleks Field, Indonesia	E
IPA24-E-109	Cintani Kusuma Dewi	Pertamina Hulu Rokan	Restore Decline, Higher Recovery - Tambang Field Strategies for Success	E
IPA24-E-112	Gilang Fardanea	Harbour Energy	Reviving Gas Wells through Cost-Effective Water Influx Mitigation in Natuna-A Gas Field.	E
IPA24-E-134	Alfian Gilang	Pertamina Hulu Rokan	Unveiling the Future: Is Carbon Capture and Storage (CCS) Ready for Deployment in the Rich Reservoirs of Lembak Field, South Sumatra Basin?	E
IPA24-E-174	Ismail Ibnu Haris Alhaj	Pertamina Hulu Rokan	Unlocking Remaining Oil from Low Quality Reservoir in Tidal Dominated Reservoir by Horizontal Wells, M Mature Waterflood Field, WK Rokan	E
IPA24-E-240	Arihta Perdayeni	Pertamina Hulu Rokan	New Steamflood Development Strategy in Indonesia Heavy Oil Field - Evaluation of Performance Prediction Area 14	E
IPA24-E-287	Priyo Prabowo	Pertamina	Rejuvenating Mature Field Through Secondary and Tertiary Recovery Activities; Case Study Carbonate Reservoir in Onshore West Java	E
IPA24-E-327	Triadi Herwasto Aribowo	NOV Inc.	A New Approach to PDC Bit Design Leads to Improved Durability Without Compromising in ROP: A Case Study in an 8-1/2" Hole S-Type Well in Swamp Drilling Operation, Kalimantan	E
IPA24-E-333	AISHA ALHAJRI	Medco E&P	Precision Reservoir Management: A Rigorous Examination of Well-Level versus Group-Level Forecasting in Oil Production Optimization	E
IPA24-E-358	Mochamad Jalal Abdul Goni	Pertamina Hulu Energi	Restoring Availability & Reliability of The MMF Turbine Gas Compressor Using Chemical Soaking Method on Mike-Mike Offshore Platform PT PHE ONWJ	E
IPA24-E-387	Dimas Pramudito	Pertamina Hulu Rokan	Breaking The Limit: Production And Recovery Enhancement In Mature Heavy Oil Field By Hydrocarbon Sweet Spot Identification Using Integrated GGR Approach: Case Study Bentayan Brown Field, South Sumatera	E
IPA24-F-12	Wingky Suganda	Pertamina EP	Reducing LPO Possibility caused by Carbon Dioxide (CO2) Impurities Off Specification, using Mini Sorb equipment in Gas Central Processing Plant Matindok, PT. Pertamina EP	F
BC-O				
IPA24-BC-34	Faizal Ardi Warsiyanto	Energi Mega Persada	Navigating The Future: Advancing Oil & Gas Production In The Maturing Malacca Strait Block	BC
IPA24-BC-93	Patrick Yudhistira Budiono	Premier Oil	Business Process Reengineering in Offshore Drilling Project of Oil and Gas Industry	BC
IPA24-O-89	Rokhmad Khabibi	PT BMT Asia Indonesia	Environmental Site Assessment and Location Criteria For Rig to Reef Decommissioning in Offshore Oil and Gas: A Case Study in the Coastal Areas of DKI Jakarta and West Java, Indonesia	O
SG				
IPA24-SG-62	Bakhtiyar Irfan Alfani	UPN "Veteran" Yogyakarta	Sequence Stratigraphy of The Miocene Pendopo Formation : Implication for Low-Quality Reservoir Potential in the South Sumatra Back-arc Basin, North Palembang Sub-basin	SG
IPA24-SG-63	Muhamad Ardhan Bayu Aji	UPN "Veteran" Yogyakarta	Untapping a behind-casing hydrocarbon potential: A case study of potential hydrocarbon in the Lower Lemat Formation in South Sumatra Basin from integrated well, seismic, and static model	SG
IPA24-SG-198	Putri Mulya Azkia	Universitas Indonesia	The Utilization of Seismic Geomorphology in Identifying the Architecture and Evolution of Fluvio-deltaic Environmental Systems in the F3 North Sea Field, Netherlands.	SG
IPA24-SG-252	Nidya Tika Sari	Universitas Brawijaya	Hydraulic Flow Unit Rock Typing to Enhance Permeability Prediction, Case Study: Bunyu Field, Tarakan Sub-Basin	SG
IPA24-SG-273	Ratna Vita Dewi	Universitas Gadjah Mada	Beyond the Surface: UAV-Based Digital Outcrop Modeling as Subsurface Analog for Clay Smear and Juxtaposition Evaluation of Kebo Formation in Sumberan, Gunung Kidul	SG
SE				
IPA24-SE-176	Monica Angelina	Universitas Pertamina	Comprehensive Architectural Optimization of Foxtrot Main Zone (FMZ) Aimed to Enhancing Design Cost Efficiency with Fit-for-Purpose Surface Casing Shoe Depth in Delta Mahakam	SE
IPA24-SE-282	Seli Yovanka Lidiawati	Institut Teknologi Bandung	Sustainable Power Generation: Harnessing Hydrogen Co-Firing for Reduced CO2 Emissions and Improved Net Power Efficiency	SE
